Amanda Peet

Nicole Kidman

It's a tie!

Both Amanda and Nicole show off chic versions of this buttoned Alessandra Rich dress. While we love how Nicole dresses up the dotty look with glam add-ons, we're also down with Amanda's more laid-back style.

Josephine Skriver

Victoria Justice

It's all about the legs when it comes to a minidress, like this puff-sleeve Dundas! Victoria draws attention to her gams with wrap-up sandals, while model Josephine plays it a little too safe.

Kate Upton

The *Good Place* star was so close to the win, but the long fabric hanging from her blouse ruined it. Because of that fashion misstep, we had to give this Anine Bing matchup to model Kate.

FLASHBACK OF THE WEEK

Rosie vs. Elisabeth:

## BIZARRE NEW FEUD

The View's most vicious rivalry reignites...  
with a declaration of affection

In the grand tradition of elementary school kids, Rosie O'Donnell's way of showing affection...looks a lot more like an attack. The comedian, 57, revealed in the new book *Ladies Who Punch: The Explosive Inside Story of The View* that despite their infamous 2007 screaming match, she had "a little bit of a crush" on sparring partner and co-host Elisabeth Hasselbeck, 41. "There were underlying lesbian undertones on both parts. She was the MVP of a softball team [in college]. There are not many...

girls with such athletic talent... that aren't at least a little bit gay," Rosie posited, acknowledging that the conservative pundit would be "hurt" to read that. She knows her well! "I immediately started praying," Elisabeth fretted on the March 26 episode of *Fox & Friends*, expressing outrage that Rosie had "objectified" her in the workplace. But Rosie doubled down on her comments, calling the crush mutual: "We were like two girls on a softball team." Maybe it's time to ditch the sports references, Rosie!

A woman with long dark hair is smiling and looking upwards. She is wearing a white sleeveless dress with a delicate floral lace pattern. She holds a slice of a lemon with a green leaf in her hands. The background features a lush orange tree with ripe fruit and a dense bush of small yellow flowers. The overall lighting is warm and golden, suggesting a late afternoon or early morning setting.

# ORLANDO'S SEXY BACHELOR PAD

Orlando Bloom's engagement to Katy Perry seems to have sparked the sale of his super-modern, sleek Beverly Hills digs. The showstopper? A master suite that opens to the zero-edge pool and spa that's surrounded by a dramatically lit deck, built-in benches and a fire pit just to amp up the already-strong romance factor. No wonder Katy said yes!

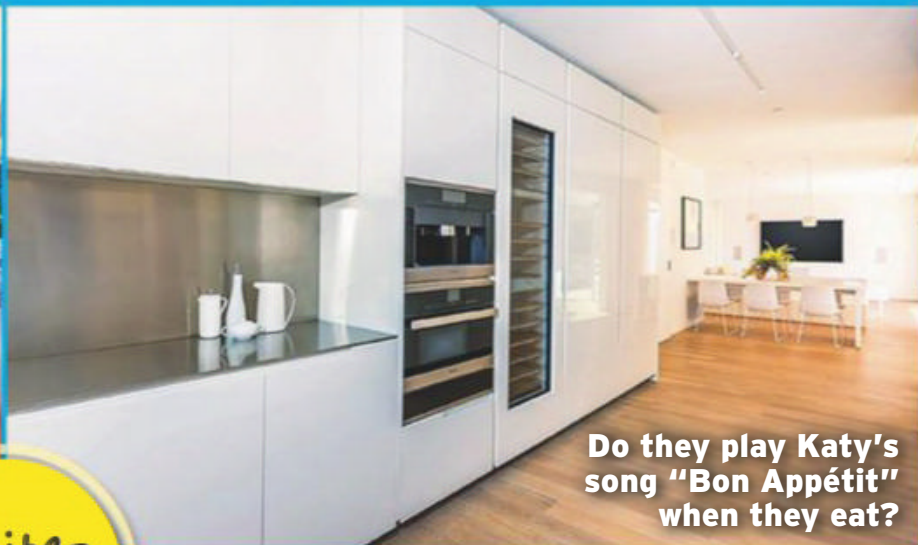

Is it us or is the living room sinking?

White-hot!

Do they play Katy's song "Bon Appétit" when they eat?

Hopefully Orlando doesn't have any Peeping Toms.

The only thing missing from the pool is a pirate ship float!

## Kris Humphries Insists His Marriage to Kim Was Real: **BELIEVABLE OR B.S.?**

Maybe the fact that his \$10 million TV wedding was entirely sponsored by advertisers should have clued him in. Still, Kris Humphries, the 34-year-old former NBA player best known for being Mr. Kim Kardashian for 72 days in 2011, recently insisted his marriage to the reality star, 38, "was 100 percent real" and he's irritated when anyone suggests otherwise. Online fans are divided about whether he's just naive - or seeking attention. "It was fake for her, dummy," wrote one, while

And she thought her family was her biggest source of embarrassment! Nearly a decade ago, Meghan Markle filmed *The Boys and Girls Guide to Getting Down* — a comedy about LA single life — and it's about to see the light of day! "It was a pilot for Comedy Central," says *New Girl*'s Max Greenfield, who also starred on the show and just found out it has been picked up by a distributor. "I would assume they have their reasons as to why they're putting it out [now]!" And while it's unclear what role the future Duchess of Sussex, 37, played, the show takes place over one wild night of drinking, sex and partying. At least it sounds like something her husband, Prince Harry, 34, can relate to!

The lifelong fan worked as a WWE writer and producer in 2008. After each show, "your wrestler looks at you like a puppy dog, even though they are 6-foot-10 and outweigh you by 200 pounds, and says, 'Did I do a good job?'" he says. "And it makes you feel very strange."

The actor began his career with WCW after filming 2000's *Ready to Rumble* and eventually became Heavyweight Champion. In 2018, he returned to the ring as an independent wrestler, but was seriously injured in a "death match" he later admitted he knew "was violent and potentially bloody, but I truly did not know the extent of what I was participating in."

## HUGH JACKMAN

"What they do in the ring is real," insists the *X-Men* star, who was a guest on *Raw* in 2011 and 2014. "It's scripted entertainment, but in that ring, and when you see them backstage getting warmed up, they get fired up. They're hitting each other backstage."

## DONALD TRUMP

## BETRAYED

"They've been pals for years, as they're all part of the same social circles," a source says of William's rumored mistress, Rose (inset, with their husbands). "Kate is devastated."

# Kate's Biggest Fear

# WILLIAM HAD A ...WITH HER

In a scandal that has rocked the palace, **Kate Middleton** cuts ties with a longtime pal amid rumors she cheated with **Prince William**

**T**he curious story seemed to pop up out of nowhere. In late March, the U.K.'s *Sun* newspaper published a story alleging that Kate Middleton had a falling-out with her best friend and Norfolk, England, neighbor Rose Hanbury — who with her husband, David Rocksavage, is part of Prince William and Kate's insular community of wealthy landowners dubbed the "Turnip Toffs" — and had phased the pair out of her life. Then came another report, this time claiming that both couples were extremely upset about the first story that was, on the surface, about nothing more than a soured friendship. "The royals rarely let the press ruffle them, and much worse stories have been written about them," explains the insider. "So many royal watchers have speculated that their reaction means something is up."

And it's really bad, according to speculation in posh circles. "There are rumors that William had an

affair and could have cheated on Kate while she was pregnant," a palace insider tells *In Touch*, explaining that whispers started over a year ago, before Kate gave birth to Prince Louis in April 2018. And when Kate heard them last fall, says another royals source, she immediately cut ties with Rose. "It's not surprising the rumors about William and Rose finally leaked to the public — something as big as this can't be kept a secret forever," says the insider, adding that the whole ordeal "is Kate's worst nightmare."

#### RURAL RIVALRY

Kate was humiliated when she heard the rumors, sources tell *In Touch*. "Kate was told William has carried a torch for Rose for years — he's raised eyebrows with his comments about her grace and beauty and even confided to pals

she was the 'one that got away,'" the source says of the former model, who has known William all her life — the 35-year-old Marchioness of Cholmondeley and her 23-years-old husband, David, the Marquess of Cholmondeley, were even guests at William and Kate's 2011 wedding. "Kate immediately confronted him, demanding to know the truth about his relationship with Rose, but he just laughed it off, saying there was nothing to it."

Still, the duchess, 37, insisted they stop socializing with the couple, who have three kids and live less

# N AFFAIR BFF!

### SHE WAITED 10 YEARS TO WED

Kate and William started dating at the University of St. Andrews in 2001. She earned the nickname "Waity Katie" as she patiently held out for a proposal, which finally came in 2010. They wed in 2011.

### MISERABLE PREGNANCIES

Anything for an heir! Kate suffered from hyperemesis gravidarum – a severe form of morning sickness – during all three of her pregnancies.

# ROYAL LIFE HASN'T ALWAYS BEEN A FAIRY TALE

### ROYAL PRESSURE

The British media has called Kate "lazy" for not doing enough royal engagements – and the queen, 92, reportedly agreed.

### PUBLIC SHAME

While Kate was home with their kids, William made headlines in March 2017 for a boys-only ski trip in Switzerland, where he was seen partying and putting his hands on a mystery brunette.

### FAMILY FEUD

Kate has been reportedly driven to tears over tensions with her new sister-in-law, Meghan Markle. "The two of them are complete opposites," says a source.

than four miles down the road from their country estate, Anmer Hall. “Kate sees the friendship in an entirely different light now,” says the source.

Her trust in William, 36, has also wavered. “She’s suspicious when she thinks about him flirting with Rose,” says the source, “and envious.” Kate, a commoner, feels especially threatened because of Rose’s posh background, notes the insider: Her grandmother, Lady Elizabeth Longman, was a bridesmaid in Queen Elizabeth II’s wedding. (The insider points out that Kate also banned her husband from seeing another blue-blooded old friend, Isabella Calthorpe, who’s now wed to Sam Branson, after hearing that William once had a crush on her.) And Kate remembers all too well how William reportedly rebounded with other women during their brief split in 2007, adds the source: “She feels she’s being taken for a fool.”

### THE QUEEN’S FURY

Queen Elizabeth is also “livid” about the reports, says the insider, noting that the palace is said to be working behind the scenes to minimize the fallout. “The queen, as well as other members of the royal family, are making a desperate attempt to quash rumors to avoid another Charles and Camilla-type scandal hitting the headlines,” explains the insider. William’s father, Prince Charles, 70, famously admitted to cheating on William and Harry’s beloved mother, the late Princess Diana, with onetime-girlfriend and now-wife Camilla Parker Bowles, 71, just a few years after his and Diana’s 1981 wedding (Di also admitted she stepped out on the marriage after learning Charles had). “It’s

“**Kate is extremely jealous of Rose**”

— ROYALS SOURCE

no secret that the public turned against Charles when news broke that he was having an affair, so it doesn’t take a genius to figure out that William could attract the same kind of negative publicity,” adds the insider. “It’s not a good look for the future king to be seen as a cheater.”

Still, the infidelity scandal took many by surprise, especially because William waited so long to marry Kate in the first place (see sidebar). “They come across as the perfect couple who can do no wrong,” says the insider. “But the reality is, most couples have their issues, and William and Kate are no different. The queen treats the duchess as her own granddaughter and absolutely adores her. She would side with Kate for sure.”

So would Prince Harry, 34. “If Harry believed his brother had an affair, he’d be very upset,” says the insider. “Harry would never cheat on Meghan [Markle, his wife] and has learned from his parents’ mistakes.” But as the future king, adds the insider, William “has never had the same amount of freedom as Harry. It’s quite possible that after years of being kept on a tight leash, William wanted some freedom.”

### MOVING FORWARD

That doesn’t mean he’d ever leave Kate, insists the insider. “And there’s no way Kate would divorce William over the scandal. If it comes down to it, she’d even have another baby to save the marriage,” says the insider, adding that William very much loves her and their kids, Prince George, 5, Princess Charlotte, 3, and Louis. But he now knows he has to work a lot harder on their relationship. “The scandal has rocked the palace and their marriage,” says the insider. “Kate won’t get over this so quickly.” ■

## KATE UPDATES HER STYLE

Trying to catch her husband’s eye? From a mint Missoni dress in Belfast, Northern Ireland, on Feb. 27 to a Gucci blouse with trousers in London on March 12, fashion watchers have noticed that Kate’s fashion has been on fire in recent weeks. Kate’s reportedly working with a new stylist, Virginia “Ginnie” Chadwyck-Healey – a longtime pal who’s written for *Vogue* – while her usual stylist, Natasha Archer, is on maternity leave. “Kate is upping her style game,” says an insider. “She wants everyone to see how lucky William is to have such a glamorous wife.”

**N**early four years have passed since Justin Bieber released an album, and Beliebers are getting antsy. But when the “What Do You Mean?” singer took to Instagram on March 25, he revealed that his next project would be, well, himself. “I am now very focused on repairing some of the deep-rooted issues that I have as most of us have, so that I don’t fall apart, so that I can sustain my marriage and be the father I want to be,” he wrote. “Music is very important to me but nothing comes before my family and my health.”

His loved ones agree. For the past year, the former teen sensation, 25, has exhibited a string of erratic behavior, and now his Instagram vow to not “fall apart” has his inner circle on edge. “Justin’s crying out for help,” says a Justin insider. “That’s not a bad thing, but he still has a lot of people worried.”

Among them: his new wife, model Hailey Baldwin, 22; mom Pattie Mallette, 44; and manager Scooter Braun, 37. They’ve made sure he’s in “intense therapy,” says a second Justin source. “He’s seeing his therapist almost daily as he attempts to overcome his inner demons.”

#### CONSTANT STRUGGLE

He hasn’t been able to hide those demons lately. The pop star was spotted shirtless and looking disoriented while out shopping in NYC last August, has been seen crying in public on several occasions, and recently appeared to have a tense argument with Hailey in Central Park on March 30. “I’m the emotionally unstable one,” Justin has admitted, revealing he struggled with depression while on tour and previously used Xanax to cope.

But now that he’s taking a break, “he’s in

#### BREAKING POINT

his head 24/7 — and that’s not good for him, either,” says the insider. “Hailey, his mom and dad [Jeremy] and Scooter are so happy that he’s open to getting help. At least he recognized the red flags.”

One of those is his ex Selena Gomez. On March 26, he lashed out at fans who suggested he wed Hailey to spite the “Back to You” singer, calling them “immature, sick people” and noting that while Selena, 26, “will always hold a place in my heart, Hailey is my bride, period.” But Selena — who Justin dated on and off for nearly a decade — entered rehab for anxiety and depression late last year, and sources say Justin harbors much guilt about it. “He takes her troubles personally,” says the insider. “He still blames himself for a lot of what she’s gone through.”

Hailey’s been his rock. “She’s the best thing that ever happened to me,” Justin says of his patient wife, who’s provided a calming influence with low-key date nights as they settle into their new Beverly Hills nest. “He has all the support in the world,” says the insider. “Everyone is praying and rooting for him. Justin’s going to get better, he’s going to be fine.” ■

**Selena may have moved on, but her fans are still trying to prove that Hailey isn’t good enough for Justin — by reposting racist old tweets and messages that they claim were written by the supermodel. Hailey previously apologized for her 2014 tweet about tanning (above), calling it “a joke,” but has not addressed the other claims. “She’s mortified whenever this gets brought up,” says a source. “She wrote some of that stuff a long time ago and feels like she’s being bullied by Selena fans.”**

## OLD FLAMES

"There is undeniable chemistry between them; there always has been," a source says of Khloé and French.

# KHLOÉ'S REVENGE ROMANCE

Two months after **Tristan Thompson's** cheating scandal rocked her world, **Khloé Kardashian** tries to move on with the help of her ex **French Montana**

# E!

**K**hloé Kardashian looked amazing. Walking to Kanye West's LA-area Sunday Service in a skintight bodysuit and jeans on March 31, the reality star couldn't hide her wide smile under her chic fedora. "She had been so closed off since everything went down with Tristan [Thompson]," a source says of her NBA-player ex's cheating scandal with family friend Jordyn Woods. "But she's finally starting to act like her old self again."

Her secret? Khloé's been reconnecting with her ex, French Montana. The reality star and the rapper — who dated in 2013 and 2014 and have remained friends — not only were both at the service, but also cozied up to each other at Diana Ross' birthday bash five days earlier. "It's like they picked up right where they left off," says the source. "He has been her rebound after a few different breakups — there's so much love between them."

#### HE'S HER ROCK

That much was obvious at the March 26 party. "They were very affectionate, flirty and touchy-feely," the source says of French and Khloé, both 34, at the celebration of Diana Ross' 75th birthday at LA's Warwick nightclub. Khloé, who wore a cleavage-bearing gold gown,

"was all glammed up and seemed really happy and bubbly," adds the source. "It was the first time in a long time, like she has been ashamed to go out and have fun and be herself, but not anymore!"

French brings that out of her. After her disastrous 2013 split from cheating ex-husband Lamar Odom, "he brought her back to life," says the source, and though Khloé later admitted she jumped into the relationship too soon after her marriage ended, she knows she can lean on the Moroccan-born, NYC-raised performer (real name: Karim Kharbouch) in her darkest moments. As *In Touch* previously reported, when she first suspected Tristan, 28, of cheating back in 2017, "Khloé really thought it was over," an insider told *In Touch*. "She was hurting and lonely, so she turned to French for comfort."

And once she ended things for good with Tristan, French was there for her. "We're great friends," he once explained. "I think we're going to be friends forever." The source describes it more like "friends with benefits. They have a fun relationship." And while the latest fling may not lead to a major commitment, "French makes Khloé feel confident and happy," adds the source, "and that's exactly what she needs right now." ■

**Could Jordyn Woods get her claws into French, too? After Kylie Jenner's best friend was caught hooking up with the father of Khloé's 1-year-old daughter, True, in February, an old Instagram shot of her partying with the rapper resurfaced. "While French has assured her nothing happened, Khloé is disgusted by Jordyn's apparent obsession with her exes," says an insider, noting that the 21-year-old also reportedly dated NBA player James Harden after he split from Khloé. "She thinks Jordyn needs to move on and find her own men!"**

**MELTING  
DOWN**

"Marriages are not easy, and don't ask me about mine until you see [my ring] gone," Wendy said in early March, and on March 27, she was seen without the sparkler.

## TROUBLED MARRIAGE

"He never hid his wandering eye," a source says of Kevin. "He never tried to act like the perfect husband. He didn't care."

The stress caused by **Wendy Williams'** unfaithful spouse is "killing" her, according to a close friend

**W**endy Williams' life was falling apart. On March 25, a week after the former cocaine addict admitted on air she was bunking in a sober living facility, she reportedly got drunk and was rushed to the hospital amid rumors that her husband, Kevin Hunter, had welcomed a baby with his longtime mistress. Still, the troubled host, 54, who had just returned from a mysterious, nearly two-month hiatus from her eponymous talk show due to complications with her Graves disease, was all smiles when she left her NYC studio on March 28, telling reporters she feels "wonderful."

It's all a facade. Behind the scenes, the news of Kevin's latest betrayal has destroyed Wendy, her close friend Paul Porter tells *In Touch*. "Imagine your husband of 21 years had a baby," says Paul. "She's put up with a whole lot." Indeed, Kevin's supposed affair with 34-year-old massage therapist Sharina Hudson isn't even the first time Wendy has suspected him of being unfaithful — but she may finally be ready to divorce him. "I have heard her cry a dozen times over what she has been going through, but the baby is the final straw," Paul says, adding that he's seriously worried about her mental state. "The stress is killing her."

### CHEATING HEART

But she still can't seem to stay away from Kevin. Wendy, who was spotted without her wedding ring after the news about the baby broke, had slipped the diamond back on for an outing with her husband, 46, on March 27.

## KEVIN'S MISTRESS?

Here's a hot topic: According to Wendy's friend Paul, author of the book *Blackout: My 40 Years in the Music Business*, her husband, Kevin, has been seeing Sharina Hudson — who reportedly gave birth to his baby girl on March 20 — for "10 years!" Another source claims while the talk show host has never met Sharina, Wendy learned from a private investigator that Kevin bought her a house just nine miles from their family home in New Jersey. "Wendy calls her 'build-a-ho' — because he spent a lot of money on her."

A source who's spent time with the couple says the former beauty shop owner — who became her manager and production partner — has a Svengali-like hold on Wendy. "It's a very dysfunctional relationship — her whole life revolves around him," says the source, while Paul adds, "She's isolated, cut off from the world." Still, another insider contends it's Wendy who won't let go: "Kevin has wanted to separate, but she's begged him to stay."

She's been trying to save her marriage for years. In her 2001 memoir, Wendy claimed he cheated on her just after their only child, Kevin Jr., was born in 2000, but she decided to stay with him. "She was hanging in there for her son," Paul confirms. The "only thing" that would make her end it for good? Wendy wrote: "If he lied about anything...if [his mistress] had his baby."

Now, that nightmare may have come true. "I knew the baby being born would make her snap back to reality. She is prepared to leave," says Paul. "I just pray she has the strength to get through this — before something terrible happens." ■

## Nicole's Heartbreak: LOSING HER KIDS TO SCIENTOLOGY

Nicole Kidman is at peace with the fact that her children with ex-husband Tom Cruise, Connor and Bella, are practicing Scientologists. “They are adults. They are able to make their own decisions,” she said last year. “And as a mother, it’s my job to love them.” Still, it stung when Bella, 26, appeared in a new video sent to fellow church members in which she details her life-changing experience as an “auditing intern,” and thanked loved ones, including her dad, for their “endless support” — but didn’t mention her mother. “Nicole

thought that she and Bella were getting closer,” explains an insider, adding that the *Big Little Lies* star, 51, had been thrilled to hear about Bella’s new BKC clothing line, which stands for Bella Kidman Cruise. “She saw it as a good sign that Bella had used her initial. But now, she’s worried she’s lost both her and Connor forever.” Indeed, Bella’s younger brother Connor, 24, is engaged to a Scientologist — and Nicole fears she won’t even be invited to the wedding. “It’s heartbreaking,” the insider says of Nicole, who’s also mom to Sunday, 10, and Faith, 8, with husband Keith Urban. “She misses her older kids.”

# INVESTIGATION CONTINUES

Amanda Byner's road to recovery is still a rocky one. In January, not long after the troubled actress made a bid to return to Hollywood with an interview detailing her almost four years of sobriety, she reportedly relapsed and checked in to rehab again in January. Now, a source tells *In Touch*, she'll be celebrating her 33rd birthday on April 3 while in treatment. "Nothing is being rushed," the insider says. "They want the best possible result for her, and she'll be in rehab for several more months."

## A BABY FOR KATY!

**N**ow that she's got the ring, Katy Perry is ready to sing some lullabies! The *American Idol* judge, 34, is eager to start a family, a source tells *In Touch*, and fiancé Orlando Bloom, 42, is fully on board. "Katy would like to wait until after they're married," the source says, "but that's not written in stone. If she were to get pregnant today, she'd probably postpone the wedding until after the baby was born." In fact, the buzz is that she may already be knocked up. "She was at Kanye West's Sunday church service on March 24 wearing a weird flowing cover-up over her dress," says the source. "It looked like she was trying to hide something." Katy has already proven her maternal chops with Orlando's son Flynn, 8, (whom he shares with his ex Miranda Kerr) and she's more than primed for more. "She'll be a great stepmom," says the source, "but she desperately wants her own kids."

## ANGIE COZIES UP TO COLIN

The March 11 premiere of *Dumbo* was the perfect excuse for Angelina Jolie to enjoy an evening out with her four youngest kids. But there was another lure for her on that red carpet, a source says: the film's star, Colin Farrell. "They had a fling on the set of *Alexander* in 2003, but since then they've both grown up a lot," says the source, noting that Angie, 43, has been in touch with Colin, 42, since her split from Brad Pitt. And the rekindled friendship could easily blossom into romance. "They're both single parents, ready to settle down – the timing couldn't be more perfect," says the source. "Hands down, they'd be one of Hollywood's hottest couples!"

## AFTER THE STORM

"I'm so happy to be here to see the end of this story and the beginning of whatever comes next," Emilia (with Kit Harington) says of *GoT*'s final season.

# Game of Thrones Star HOW I ALMOST DIED

Emilia Clarke reveals she survived two near-fatal aneurysms while starring on the hit HBO show

**O**n *Game of Thrones*, she plays hardened survivor Daenerys Targaryen — aka the Mother of Dragons — but it turns out Emilia Clarke is even tougher. "Just when all my dreams seemed to have come true, I nearly lost my mind and then my life," she writes in a new *New Yorker* essay, revealing she suffered two aneurysms. "I've cheated death twice."

Fresh off of filming the first season of the HBO hit in 2011, Emilia collapsed from "shooting pain" in her head at a London gym. "I knew...my brain was damaged," she writes. When she woke from emergency surgery, she couldn't remember her name. "In my worst moments," she admits, "I wanted to pull the plug."

Instead, she fought hard. Upon regaining her speech (and

sipping morphine for pain), she filmed *GoT*'s Season 2. Still, "Every minute of every day I thought I was going to die," she writes, because a second aneurysm had been detected. In 2013, "I went in for a brain scan — something I now had to do regularly." (For suggested yearly exams, see sidebar.) Two more scary operations followed, leaving her with a nasty scar and fears that she would never fully recover.

### SAVING LIVES

She's now back at "100 percent" — and she's on a mission to help others. "Emilia went through hell," a source says of the 32-year-old, who established Same You, a charity to provide treatment for brain trauma survivors. "She wants them to know they're not alone." ■

## GET TESTED

Besides brain scans, "there are many screening exams available," says Dr. Holly Phillips, medical expert for RxSaver by RetailMeNot, an app and website that helps you get the best price on your medication (for more info, check out [rxsaver.com](http://rxsaver.com)). # MORE HAIR GROWTH

**T**ocotrienols, found in palm fruit, are known as super antioxidants and are now showing positive results in promoting hair growth. They work by lowering scalp oxidation and may allow for better—and new—hair growth.

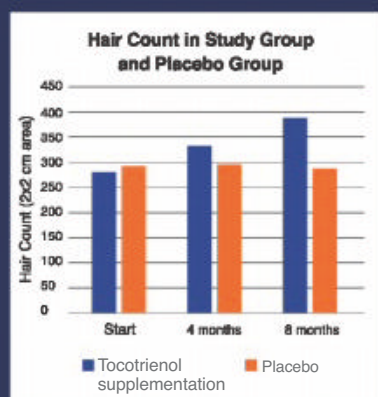

Several studies done at the University of Kuala Lumpur in Malaysia have shown significant increases in hair count. The findings have been published in scientific journals to inform health care professionals worldwide, about the amazing results.

The US patented tocotrienol complex is now available in the US through the product Hair Gro™, by New Nordic, and sold at most Walgreens pharmacies and online.

## STUDY RESULTS

Researchers studied an area of the scalp equal to 2x2 cm and counted the hairs at the beginning of the study, at 4 months and at 8 months. At the end of the study, the participants on the tocotrienol supplement had gained on average 34.5% more hair or an increase in average hair count from 285 to 383 hairs.\*

\*Tropical Life Sciences Research 2010 "Effects of Tocotrienol Supplementation on Hair Growth in Human Volunteers" Beoy, Woei and Hay, University Sains Malaysia.

## HAIR GRO WORKS!

Steffani experienced higher-than-usual hair loss due to stress. "I was concerned as I noticed a drastic difference in the thickness of my hair, so I went looking for help."

"My mother had used New Nordic's hair products with great success, and she had seen the new Hair Gro™ product in stores. I went online and read about how the ingredients were clinically shown to stimulate new hair growth. I was excited.

I planned to take Hair Gro for just a few months, but my mother reminded me that hair takes a while to react. I'm glad I listened to her because after 4-5 months, I started to notice an increase in growth and it was easier to grow the hair longer. My friends even noticed the difference.

Now I feel so confident and happy about my hair, thanks to Hair Gro. I highly recommend this product to anyone with thin hair."

ON THEIR SPINOFF SHOW:

# Sorry, Dad – We Needed to Do It!

Goodbye, Nashville; hello, Hollywood! **Chase** and **Savannah Chrisley** are flying the coop for their new series...and their meddling father, Todd, isn't invited

inTouch  
with...  
**CHASE &  
SAVANNAH  
CHRISLEY**

## TIGHT BOND

"We argue," Savannah says of her relationship with Chase, "but if someone else says something bad about him, they're done. It's us against the world."

**V**iewers of the hit reality show *Chrisley Knows Best* have seen firsthand how fiercely overprotective patriarch Todd Chrisley can be of his clan. So when the Nashville real estate mogul heard that his daughter Savannah and son Chase were heading to Hollywood to film their own spinoff series, *Growing Up Chrisley*, “He was not happy,” admits Chase, 22, a lifelong jock who’s now trying to make it as an actor. Former beauty pageant queen Savannah, 21, tells *In Touch*, “He was scared for us because LA can be cut-throat, and he also didn’t want us to get wrapped up in the party scene there.” Luckily, the siblings were eventually able to get their dad (and mom, Julie) to come around: “He realized he needed to let go,” says Savannah, who’s dating hockey player Nic Kerdiles, “and let us learn things through trial and error on our own.” Here, the charming Southern duo talk to *In Touch*’s Diana Cooper about branching out, sibling rivalry and being starstruck by “The Biebs.”

#### Tell us about your new show!

**SC:** We’re so excited. It was time for us to go out on a limb and figure out what we want to do with our lives. And also just be normal 21- and 22-year-olds.

**CC:** It’s different than *Chrisley Knows Best* because we didn’t have our dad constantly watching us. It allowed us to be more free.

#### Did your dad check in a lot?

**CC:** He didn’t have to because Savannah was already always on the phone with him!

**SC:** [Laughs] If he wasn’t calling me, I was calling him. We talk at least five times a day. He’s my best friend and I tell him everything. More than he would like to know!

#### Chase, tell us about your budding acting career...

**CC:** It’s coming along. You’ll see on *Growing Up Chrisley*, I go to an acting class and several auditions. It’s harder and more work than I expected. Auditions are nerve-racking!

#### And Savannah, you’re working on a makeup line. How’s it going?

**SC:** Great. It’s taking longer than I anticipated because I’m very picky and I want quality products that are also affordable. Plus, a lot of TV personalities are in the cosmetics world and I want to make my line different.

#### You lived together in LA. How was that?

**SC:** Difficult! You know how guys are. He left the common areas dirty and let his laundry pile up.

**CC:** Not true!

#### How does LA compare to Nashville?

**SC:** In LA, there’s pressure to act and look a certain way. Nashville is calmer. We were there for three months and I was ready to go home.

**CC:** I loved it and would live there [again] in a heartbeat.

#### How are your love lives going?

**SC:** Nic is so fun, and he really encourages me to go after my dreams.

**CC:** I’m as single as can be!

#### Chrisley Knows Best has been on since 2014. Ever wish you had more privacy?

**SC:** There are times when it’s like, “Ugh, do there have to be cameras around?!” But the show’s brought us closer as a family.

**CC:** At times I want my privacy back. But at the end of the day, this is what we signed up for and we feel extremely thankful and blessed. ■

### FAMILY MATTERS

The Nashville-based Chrisley crew (clockwise from left): Chase; mom Julie; Todd’s mom, Nanny Faye; Savannah; Chloe, 6 (Todd’s granddaughter from estranged son Kyle; he and Julie are her legal guardians); Todd; and Grayson, 12, are currently filming Season 7 of *Chrisley Knows Best*.

## ON A LIGHTER NOTE ...

The siblings answer our burning questions!

#### WHAT EMOJI DO YOU USE THE MOST?

**SC:** The hear-no-evil monkey.

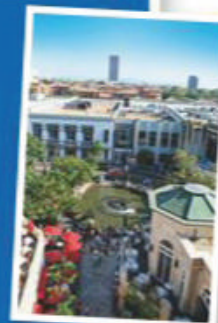

**CC:** The heart eyes and purple devil!

#### WHAT’S YOUR GUILTY PLEASURE?

**SC:** Shopping. The Grove in LA is a favorite and you can never go wrong with Saks or Bloomingdale’s.

**CC:** Probably shopping for me, too.

#### WHO’S MADE YOU MOST STARSTRUCK?

**SC:** No one yet.

**CC:** The Biebs! We were at a hotel spa and he just came out like, “What’s up, dude?” I had met him in Atlanta a long time ago.

#### FAVORITE BOARD GAME?

**SC:** Sequence.

**CC:** Monopoly.

#### WHAT’S A FACT ABOUT YOU THAT MIGHT SURPRISE PEOPLE?

**SC:** I may go back to college. A degree is something no one can ever take away from you.

**CC:** I’m sensitive!

**SC:** It’s true, he is!

Maryann Walsh, a Registered Dietitian and SlimFast Plan Consultant, shares her thoughts on three of their most popular products.

## Keto Bars

“A common frustration for keto-dieters is a lack of keto-friendly options when they are on-the-go. SlimFast Keto Meal Bars not only taste amazing but they are a satisfying meal replacement with vitamins and minerals to help fuel your busy day. They come in Whipped Peanut Butter Chocolate and Whipped Triple Chocolate flavors, and are gluten free. The combination of whey protein and coconut oil MCTs gives these bars both a smooth texture and flavor (not always the case with some keto bars) and they have 3g of net carbs with 7g of protein and 14g of fat. Definitely a must have if you’re a busy keto-dieter or seeking a convenient and delicious option.”

## Keto Shakes

“These meal shakes are an impressive mix of whey and collagen protein and grass-fed butter and MCTs, and like the SlimFast Keto Meal bars they have an excellent vitamin and mineral profile, making them a true meal replacement. They come in Fudge Brownie Batter and Vanilla Cake Batter flavors and they mix with plain water making them extremely convenient! These shakes are really smooth and creamy and have 4-5 net carbs each, 8g of protein and 15g of fat so boast an optimal macro profile for keto-dieters.”

## Fat Bombs

“It’s no wonder that there is such a buzz around these keto-friendly chocolate peanut butter cups! These cups are made with coconut oil MCTs and zero grams of sugar making them the perfect ketogenic snack and they are also gluten free. Like the bars and shakes, these delectable little snacks are super convenient and even if you aren’t following a ketogenic diet, the great taste and zero grams of sugar make them a better option than many other chocolate treats out there!”

If you are feeling exhausted and in need of revitalization, you should consider a detox or cleanse. With Active Liver™ you have the tool to do this gently and on a daily basis.

# Detox your body - every day!

Each day, our liver is working hard to remove waste products and toxins from processed foods, unclean air, water and even our own body. But as we get exposed to increasingly more toxins, the liver struggles to remove them all and can start storing them in our body fat. We quickly may notice the results in our energy levels, in our lack of youthful appearance – and surprisingly, on our waistlines.

## UNJUNKING YOUR BODY

A detox, like a water or juice fast, is an excellent way to rid the body of stored toxins, but it is often difficult to abide by, and involves days or even weeks of feeling tired and sick. However, there are other ways.

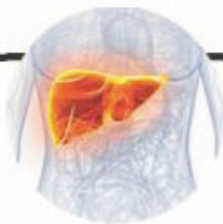

## DETOX WITH ONE TABLET A DAY

Active Liver™ is a dietary supplement that helps promote a healthy liver and helps you detox on a daily basis – all year round. With just one tablet a day, it gently but effectively uses known herbal extracts to facilitate detoxing of the body –without the “side effects”.

### DID YOU KNOW?

#### The Liver & Your Waistline

The liver is an important fat burning organ. If the liver is sluggish or clogged with waste material, it can start building up around the waistline, and even inside the internal organs (which may lead to a fatty liver). Making sure your liver is working well will help you flush fats from the body.

Active Liver™ by New Nordic contains milk thistle, an herb known for protecting the liver and reducing heavy metal toxicity. It also contains turmeric, a superfood and one of the most anti-inflammatory and protective antioxidants known. Finally, Active Liver contains globe artichoke, a plant used for centuries for increasing bile production. Bile is used to bind and flush toxins and fats from the body.

THE ONLY ENTERTAINMENT WEEK

The collaboration  
of a lifetime!

FOSSÉ  
VERDON

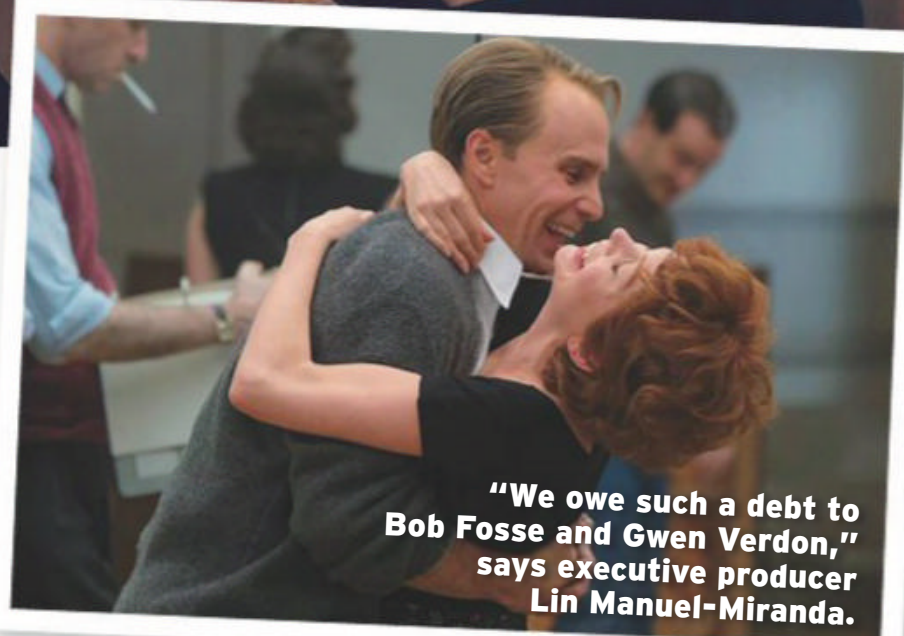

## THE SHOW MUST GO ON

If you thought *A Star Is Born* laid bare the intricate intimacies of a relationship between two entertainers in love, wait until you get a load of this eight-episode-event series! Crisscrossing five decades of roller-coaster romance and creative collaboration between choreographer-director Bob Fosse (Sam Rockwell) and Broadway great Gwen Verdon (Michelle Williams), *Fosse/Verdon* proves that the juiciest showbiz

drama often takes place behind the scenes. Rockwell compels as Fosse, whose philandering and drug use threaten to sabotage his family life with Gwen and their daughter: The guy can't seem to handle failure or success. As Verdon, Williams juggles empathy, excitement and exasperation as Fosse leans on her even as he cheats on her: She constantly

makes sacrifices to come to his artistic rescue. And yes, as would befit a series featuring the director of *Cabaret*, there are flashy song and dance routines. *Fosse/Verdon* is both a hot ticket and a backstage pass, putting the spotlight on a complex couple.

TUES. 4/9, 10 P.M., FX ★★★★★☆

"We owe such a debt to Bob Fosse and Gwen Verdon," says executive producer Lin Manuel-Miranda.

## NOW PLAYING: MOVIES

### Shazam!

FRI. 4/5, PG-13 ★★★★★☆

*Superman* meets *Big!* Fourteen-year-old foster child Billy Batson (Asher Angel) discovers he can turn into an adult superhero (Zachary Levi) by simply shouting the magic word "Shazam!" – much to the annoyance of the villainous Dr. Sivana (Mark Strong), who covets his power. Simultaneously satirizing a comic book movie and functioning as one, this fun fantasy's true superpowers are its humor and heart.

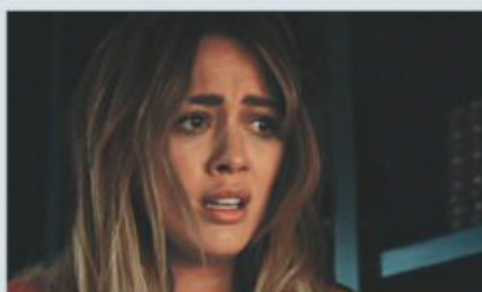

### The Best of Enemies

FRI. 4/5, PG-13 (PREVIEW)

Summer, 1971: Civil rights activist Ann Atwater (Taraji P. Henson) debates Ku Klux Klan leader C.P. Ellis (Sam Rockwell) on the issue of school desegregation. The result changes both of their lives in this story of race and redemption.

### Pet Sematary FRI. 4/5, R (PREVIEW)

Stephen King's creepy classic – about a burial ground that can bring the dead back to life – gets an intense adaptation. With Jason Clarke and Amy Seimetz as the parents who make a fateful choice – and John Lithgow as the kooky neighbor who tried to warn them!

### The Haunting of Sharon Tate

FRI. 4/5, R ★★☆☆☆☆

Pregnant actress Sharon Tate (Hilary Duff) is plagued by not-so-paranoid premonitions ahead of her 1969 murder by the Manson family. It doesn't quite work as horror or history, but Duff daringly goes to dark dramatic depths.

## She can't wait to cuddle with you!

Pick this little sweetie up for a hug, and you'll be astonished at how she simply melts in your arms. You'll never want to put her down again! Created by doll artist Violet Parker, this charming *Cuddle Cutie* is everything her name promises ... and more. Her head, arms and legs are perfectly realized in our exclusive *RealTouch®* vinyl, then hand-painted to achieve the warm blush of life. You'll love touching her *hand-rooted* hair when she isn't wearing her darling cap. She wears a classic pink one-piece outfit and comes with a soft curved pillow for display when she's not sitting with you. Best of all is her soft beanbag body, which is *weighted* for amazing realism, and so poseable that she conforms perfectly to your arms. Delightful!
